

## Professional Development - Global Education for an Inquiry Classroom

**Learn how to easily create authentic, engaging and deep global learning experiences for your students across your curriculum**

Work with an exciting and unique new platform called WorldVuze ([www.worldvuze.com](http://www.worldvuze.com)) to initiate conversations between students locally and around the world

# WorldVuze

## Workshop Lessons

- Integrate global learning into your curriculum through inquiry
- Hands-on exploration of the WorldVuze platform
- Explore practical classroom case studies
- Create powerful questions
- Initiate intercultural dialogue
- Rethink global citizenship

## Learning Outcomes

- Easily integrate global perspectives across your curriculum, from social studies, geography, history, languages, to math
- Gain strategies to regularly create deep, authentic, and engaging learning experiences for your students
- Foster interdisciplinary and 21st century learning

## Full & Half Day Professional Development and Classroom Consultations Available

\*We will tailor our program based on your group (i.e. elementary / secondary educators and by subject area)
